

Volunteer Activities Description

Name of activity: Parish Care Nurse

Mission Team responsible: Parish Care Mission Team

How much time is required, and how often? No specific time is required. We do blood pressure checks once a month at church and have meetings every other month or as needed.

When (time of day/week/month) is this activity performed? Blood pressure readings are taken on the second Sunday of each month after the 8:15 and 9:30 services.

Please describe what this activity entails:

Help the congregation by occasionally presenting educational events. Keep first aid kits filled. Handle emergencies at church as needed. Several nurse volunteers also make hospital visits to parishioners.

How much training is needed to perform this activity? When is it provided? RN's need no extra training. CPK renewal is given in classes at church.

Where is this activity performed? St. John's Lutheran Church; occasionally there are hospital visits

Who does the volunteer report to? Parish Care Mission Team

Who can a volunteer contact for more info?
